

■ ACHIEVE CLEAR VISION WITHOUT CONTACTS OR GLASSES ■

LASIK Pricing Guide

Wilmington Eye can help you achieve clear, crisp vision without the assistance of corrective lenses. In fact, it's something our board-certified surgeons have been doing for more than 20 years! Unlike glasses or contacts, the price of LASIK is a one-time fee—no more monthly subscription fees or replacement costs. Our fully comprehensive LASIK fee for both eyes is **\$4,500** and includes:

YOUR CONSULTATION

We conduct an extensive consultation to determine if LASIK is right for you. Your consult, all pre-operative exams, advanced measurements, and tests are included in our fee.

PERSONALIZED SURGICAL PLAN

You will meet with your surgeon on day-one to discuss your vision goals. Our team will then build a personalized treatment plan that is customized to your exact needs, goals and lifestyle.

ALL POST-OPERATIVE VISITS FOR 1 YEAR

You'll have access to your entire eye care team for an entire year following your procedure, free of charge. This includes all post-operative exams.

AS-NEEDED ENHANCEMENT

If your surgeon determines a second procedure is needed, we will perform one enhancement within the first year at no additional cost.

The True Cost Of LASIK

When considering the cost of LASIK, it's important to remember the costs associated with long-term use of glasses or contact lenses.

AVERAGE COST OF CONTACT LENSES

\$7,500 to \$10,500

OVER A 15-YEAR PERIOD

AVERAGE COST OF PRESCRIPTION GLASSES

\$4,020

OVER A 15-YEAR PERIOD

Freedom from glasses or contacts for as little as \$250 per month.

We partner with CareCredit to offer simple, no-interest financing for 18 months. That means that you'll pay \$250 per month for LASIK—less than a car payment! If you're ready to experience clear, crisp vision without the use of glasses or contacts, contact The LASIK Center at Wilmington Eye today.

Ready to ditch your glasses or contacts? You can reach us by calling 910.772.8223 or by visiting us online at WilmingtonEye.com/LASIK.
